HUMANITARIAN AID & EMERGENCY SUPPLY ACT

=====

WHEREAS, the stability and success of the United Class Forces depends entirely on the readiness, resource levels, and academic operational capacity of its members;

BE IT RESOLVED, that a permanent Humanitarian Supply System is hereby established to protect members from equipment depletion and administrative penalties:

1. THE LOGISTICS RESERVE: Alliance members who possess surplus resource items—specifically pencils, erasers, loose-leaf paper, or graph sheets—are authorized to deposit items into the designated Classroom Logistics Cache.
2. EMERGENCY AID DISPATCH: Any active alliance member facing an immediate shortage or crisis (forgotten gear or broken writing equipment) may request a supply grant from the alliance cache to maintain their country's localized operations.
3. RESOURCE RECIPROCITY: Borrowed tactical equipment and tools must be returned undamaged to the original source country upon conclusion of the academic period, ensuring continuous mutual aid infrastructure.

IN WITNESS WHEREOF, this humanitarian infrastructure is officially funded and logged into the permanent registry on this 25th day of September, 2026.

X _____
Director of Logistics & Humanitarian Aid

X _____
Supreme Commander, United Class Forces GOC
